For Immediate Release
SWKKF Club Instructors/Members,

In response to the current Covid-19 pandemic which is expected to be widespread, the SWKKF would like to help flatten the curve, slow the spread and contain as much as we can.

In an effort to work through these unique times we encourage managing in the following manner:

Our Liability Insurance Company (HUB International) advises all regular classes, gatherings and events be suspended until the virus Covid-19 has been contained and all threat minimized.

Our response will continue to develop as the pandemic develops.
